International skills

Cross-curricular elective courses in languages and cultures (3 ECTS)

Explore the world through its diversity

Starting from the first year of your Bachelor's degree, you will need to choose an elective course from a wide variety of subjects: international mobility, language survival kits, plurilingual writing, intercultural communication.

Take advantage of this opportunity to develop your skills or discover new languages and cultures through these multilingual courses in English, Italian, Chinese, Spanish and French as a foreign language (FLE).

Conversation workshops

Exchange with native speakers

Improve your language and intercultural skills in a friendly international context, without evaluation.

- Workshops are led by international students;
- 10 people per group;
- 1 hour during lunch or late afternoon;
- 6 languages (to be confirmed): Chinese, English, French as a foreign language (FLE), German, Italian, and Spanish;
- Role playing, games, simulations, debates.

Bilingual tandems

A fun, flexible and interactive format to practice a language

Two students with different mother tongues exchange regularly, face to face or remotely, in order to "teach" each other their language and culture.

Many language combinations are possible and coaching can be implemented.

French as a foreign language (FLE)

Take advantage of free FLE courses from elementary to advanced level.

> **For International Exchange Students**, these courses can be included in your learning agreement (3 ECTS).

> **For Independent International Students**, these optional courses do not award ECTS credits.
