

At UPEC, we believe your health is essential to your academic success.

To help you stay in good health, UPEC, doctors from the Collège des généralistes enseignants de Créteil, the Conseil de l'Ordre des médecins du Val-de-Marne, the first-call medical services (SAMI) and student health insurance companies have teamed up to launch an innovative scheme: RESUS - UPEC's university health network.

By coordinating these health organisations, RESUS offers:

- ✚ Easier access to a local general practitioner
- ✚ A consultation without additional medical fees: doctor members of the network apply a national agreed ("sector 1") rate of €23, suggest a third-party provider* and guarantee exemption from paying an advance on fees, for a final consultation fee of €6.90
- ✚ Quality medical care and personalised referral to a specialist if required
- ✚ After-hours care from 8pm and weekends, until midnight, in one of 12 first-call medical care services (SAMI) in the Val de Marne.

* Meaning that the patient does not pay the full charge upfront and is only responsible for the portion of the fees that are not covered by the national health insurance system.

2 Arrange an appointment with a doctor of your choice

Holders of a UPEC student's card benefit

from a consultation fee of €23 (national

agreed rate). If you are a holder of a valid French state

health insurance card ("carte Vitale") and/or certificate,

the doctor may suggest a third-party provider*

for a reduced consultation fee of €6.90.

The RESUS network covers dozens of general practitioners

in Paris (75) and the departments of Val de Marne

(94), Seine et Marne (77), Seine Saint-Denis (93) and

Essonne (91).

3 Personalised referral to a specialist

If necessary, the general practitioner

may refer you to a specialist, such as an

ophthalmologist or an ear/nose/throat specialist.

* Meaning that the patient does not pay the full charge upfront and is only responsible for the portion of the fees that are not covered by the national health insurance system.

4 After hours service

After 8pm and weekends, you can

visit one of 12 SAMI (first-call

medical service) in the Val-de-Marne

and benefit from national agreed rates

applied by the French social security service.
